

RESOLUTION OF VISITING SENIOR RESEARCHER POSITION AT DIPC 2017

Resolution of the Director of the *Donostia International Physics Center* Foundation, of November 13th 2017, by which a visiting senior research position is awarded.

The DIPC Foundation opened a selection procedure for filling a visiting senior researcher position within the project entitled “A role of electronic excitations in directing an electronic system to the superconducting instability” (Reference 2017/19).

The Technical Evaluation Committee designed for this purpose evaluated the *curricula* of the researchers applying for this call and raised its proposal.

In view of the proposal raised by the Technical Evaluation Committee and approved by the Executive Committee on November 13th 2017,

I RESOLVE

To assign to Oleg Dolgov, Leading Researcher at the Max-Planck-Institut für Festkörperforschung, Stuttgart (Germany), the following visiting senior researcher position at the *Donostia International Physics Center* Foundation,

Project: A role of electronic excitations in directing an electronic system to the superconducting instability

Duration of the contract: 1 year

Tentative starting date of contract: January 1st 2018

Principal Investigator: S. Silkin

Donostia, November 13th 2017

Ricardo Díez Muiño
Director of the DIPC Foundation
